

SC-107 STORAGE FLUID FOR METER-MIX-DISPENSE EQUIPMENT

SC-107 Storage Fluid is used after BJB's meter-mix-dispense equipment has been flushed with the SC-106 Flush Solvent. When the equipment is idle or to be stored, the SC-107 is used to fill the bottom of the feed tanks, feed hoses, pumps, and dispense hoses. With the dispense head removed, SC-107 should be pumped through the system until the dispense hoses can be capped off and are full of liquid. The feed tanks only require the bottom port to be covered once the tanks have been thoroughly cleaned. The dispense gun or dispense head should be cleaned in accordance to the instructions in the CPE manual. Some dispense gun components can also be stored in containers filled with the SC-107.

STORAGE:

Store ambient temperatures, 65-80°F (18-27°C). Unopened containers will have a shelf life of 12 months from date of shipment when properly stored at recommended temperatures. Purge opened containers with dry nitrogen before re-sealing.

PACKAGING	
1-Gallon	7.2 lbs.
5-Gallon Pail	36 lbs.

HEALTH AND SAFETY:

Use in a well-ventilated area. Avoid contact with skin using protective gloves and protective clothing. Repeated or prolonged contact on the skin may cause an allergic reaction. In case of a spill, use absorbent material to clean up and dispose of in accordance with local, state, and federal regulations. Eye protection is extremely important. Always use approved safety glasses or goggles when handling this product.

IF CONTACT OCCURS:

Skin: Immediately wash with soap and water. Remove contaminated clothing and launder before reuse. It is *not* recommended to remove resin from skin with solvents. Solvents only increase contact and dry skin. Seek qualified medical attention if allergic reactions occur.

Eyes: Immediately flush with water for at least 15 minutes. Call a physician.

Ingestion: If swallowed, call a physician immediately. Remove stomach contents by gastric suction or induce vomiting only as directed by medical personnel. Never give anything by mouth to an unconscious person.

Refer to the Material Safety Data Sheet before using this product.

⚠WARNING: This product can expose you to chemicals including 1,2-Benzenedicarboxylic acid, di-C9-11-branched alkyl esters, C10-rich, which is known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

NON-WARRANTY "Except for a warranty that materials substantially comply with the data presented in Manufacturer's latest bulletin describing the product (the basis for this substantial compliance is to be determined by the standard quality control tests generally performed by Manufacturer), all materials are sold "AS IS" and without any warranty express or implied as to merchantability, fitness for a particular purpose, patent, trademark or copyright infringement, or as to any other matter. In no event shall Manufacturer's liability for damages exceed Manufacturer's sale price of the particular quantity with respect to which damages are claimed."
